PHOTOGRAPHY

# *The best images tell stories.*

Beauchamp Photography specializes in compelling documentary-style photography and stunning environmental portraiture.

As a pair of primary photographers, we offer the ability to capture every aspect of a wedding day from two complementary perspectives. As a husband and wife team (Chris and Laura Beauchamp) we bring a healthy mix of male and female sensibilities, but are both committed to the tenets of great photography: composition, light, and timing.

Wedding coverage starts at \$3,500. Most clients spend \$5-6K for their wedding products and coverage.

A bride and groom are laughing joyfully in front of a stone fireplace. The groom is wearing a dark blue suit and a red and white striped tie. The bride is wearing a white lace wedding dress. The fireplace has a mantel with several lit lanterns and a mounted deer head with antlers. There are logs in the fireplace and a bouquet of purple and red tulips in the foreground.

# *The Engagement Session.*

We encourage an engagement session with all of our couples, as this session accomplishes several things.

First, we capture beautiful portraits, perfect for a guestbook, invites, and other creative things. But the engagement session also gives us a chance to break the ice photographically. It allows us to get to know each other before the big day itself.

We strive to make our engagements meaningful and fun, and we work with our couples to choose locations that make sense for them. Into quadding? Camping? Softball? Have a favourite restaurant or first-date spot? Perfect.

## *The Photobooth Experience.*

Our Photobooth is a fun way to capture charming portraits of family and friends during the reception.

Since every wedding vision is different, we leave it up to our couples to choose a special spot, backdrop, or props. What we do bring is an enthusiastic experience and our professional lighting equipment to make sure everyone looks great.

We set up the booth after the formal program, so we don't distract from the planned portion of the evening. One of us will operate the booth while the other covers the party. We'll ask the MC, DJ, or band to inform guests when the booth is open and closing. Works like a charm every time!

## *About Us*

We have been photographing weddings since 2008, almost as long as we've been married ourselves. Our wedding work has taken us around the Peace Region, Western Canada, the US, Italy, Mexico, and Cuba. We love capturing the candid moments that weddings provide.
